

Wongpanit Krabi Co., Ltd  
313 Moo3, Nuea Klong  
Nuea Klong  
Krabi 81130, Thailand

**Dated: 19<sup>th</sup> December, 2023**

**Open Tender Procedure for Pick-up trucks**

**Project: WWF TH-PSC-TVA Project (Ref. TH0079 40002222-403102)**

**Overview:**

Wongpanit Krabi is initiating an **“Open Tender Procurement”** and is invited to **“Submit a Bid”** for the procurement of **Pick-up trucks** to enhance our waste collection and transportation capabilities. We invite qualified and interested suppliers in Hat Yai City and Songkhla City to participate in this process.

**Open Tender Procedure duration: 19 December 2023 to 3 January 2024.**

**Number of Pick-up trucks: 4 Pick-up trucks**

**Eligible Tenderers:** Interested suppliers must meet the eligibility criteria outlined as follows:

Tenderers shall be excluded from participation in a procurement procedure if:

- a) they are bankrupt or being wound up, are having their affairs administered by the courts, have entered into an arrangement with creditors, have suspended business activities, are subject to proceedings concerning those matters, or are in any analogous situation arising from a similar procedure provided for in national legislation or regulations. However, tenderers in this situation may be eligible to participate insofar as the Grant Recipient is able to purchase supplies on particularly advantageous terms from either a supplier that is definitively winding up its business activities or the receivers or liquidators of bankruptcy through an arrangement with creditors or through a similar procedure under national law;
- b) they or persons having powers of representation, decision-making, or control over them have been convicted of an offense concerning their professional conduct by a final judgment;
- c) they have been guilty of grave professional misconduct, proven by any means which the Grant Recipient can justify;
- d) they have not fulfilled obligations relating to the payment of social security contributions or taxes in accordance with the legal provisions of the country in which they are established, or with those of the country of the Grant Recipient or those of the country where the contract is to be performed;
- e) they or persons having powers of representation, decision-making or control over them have been convicted for fraud, corruption, involvement in a criminal organization or money laundering by a final judgment;

f) they make use of child labor or forced labor and/or practice discrimination and/or do not respect the right to freedom of association and the right to organize and engage in collective bargaining pursuant to the core conventions of the International Labor Organization (ILO).

### **Qualitative Criteria:**

1. Provide information on their legal form and ownership structure.
2. Outline the technical specifications of pick-up trucks.
3. Detail the after-sales services.
4. Clarify your warranty procedures.

### **Specifications:**

#### **Type of products:** Pick-up trucks

#### 1. General Features

1.1 A single-cab pickup truck with 2 doors opening in the same direction. The rear of the truck has a standard factory-made cargo bed. The engine displacement is not less than 2,400 cc, or a maximum engine power of not less than 110 kW. It is a diesel engine, driving 2 wheels.

1.2 Single-cab with 2 doors for the passenger compartment.

1.3 Minimum payload capacity of 1 ton.

1.4 The truck is white in color.

1.5 Brand new truck, never used before, in good condition, and ready for immediate use.

#### 2. Engine System:

2.1 4-cylinder diesel engine with water-cooled heat dissipation. The engine displacement is not less than 2,400 cc, or a maximum engine power of not less than 110 kW. The maximum power is not less than 150 horsepower, and it has a manual transmission with not less than 5 forward gears and at least 1 reverse gear.

#### 3. Power Transmission System:

3.1 Conventional manual transmission.

3.2 Minimum of 5 forward gears.

3.3 At least 1 reverse gear.

3.4 Rear-wheel drive according to factory standards.

4. Brake System:

- 4.1 Disc brake system at the front wheels with heat dissipation.
- 4.2 Drum brake system at the rear wheels.
- 4.3 Manual brake system.

5. Steering Control System:

- 5.1 Power steering system with adjustable steering column.
- 5.2 Assembled and installed according to factory standards.

6. Shock Absorption System:

- 6.1 Shock absorption system at the front and rear according to factory standards.
- 6.2 Other standards as per the manufacturer.

7. Electrical System:

- 7.1 Battery size according to manufacturer standards.
- 7.2 Alternator is of the alternating current type.
- 7.3 Both doors' windows are electrically adjustable.
- 7.4 Rearview mirror is adjustable.
- 7.5 Rain wipers on both sides with windshield washing.
- 7.6 Various meters including distance, speed, engine speed, temperature, fuel level, and other warning signals as per the manufacturer.
- 7.7 Lighting and turn signal systems comply with the regulations of the Department of Land Transport.
- 7.8 Digital meter system.

8. Air Conditioning System:

- 8.1 Properly installed air conditioning system according to the manufacturer's standards, capable of sufficient cooling for normal use.
- 8.2 Installed coil cooling unit with at least 3 adjustable air outlets.
- 8.3 Fan speed control switch and temperature control, with at least 3 levels of air volume adjustment.
- 8.4 Electric fan for dissipating heat from the front of the vehicle, 1 set.
- 8.5 All air conditioning equipment is new.

9. Fuel Tank:

9.1 Fuel tank capacity of not less than 75 liters.

9.2 Lockable fuel tank cap.

10. Wheels and Tires:

10.1 Wheel and tire sizes according to the manufacturer's standards, with spare parts.

11. Other Standard Equipment:

11.1 Car jack with handle, 1 set.

11.2 Wheel lug nut wrench according to the manufacturer's standard, 1 piece.

11.3 Vehicle user manual and maintenance manual in Thai language, 1 set.

11.4 Other equipment as specified by the manufacturer.

12. Safety Equipment:

12.1 Safety belt buckle with automatic retraction system.

12.2 Central locking system.

12.3 ABS brake system:

- Immobilizer key
- Brake fluid pressure distribution system
- Brake force reinforcement system
- Stability control system
- Traction control system
- Hill descent control system
- Engine braking assistance system
- Emergency flashing lights automatically when braking
- Anti-lock wheel rotation system controlled by the brake system

12.4 Airbag safety system with a minimum of 3 points.

12.5 Power steering with adjustable levels, adjustable in height and in-out.

12.6 Automatic door lock system when the vehicle is moving.

12.7 Electrically adjustable side mirrors.

12.8 Power windows for both doors, adjustable up and down.

12.9 Other equipment according to the manufacturer's standards.

### 13. Installed Equipment:

13.1 Dual front sun visors.

13.2 Set of rubber shoe linings, 2 pieces (front 2 pieces).

13.3 Tinted film filter with a light transmission level of 60%, except for the front windscreen, which uses 40% darkness.

13.4 Fiberboard installed throughout the rear cargo bed.

13.5 User manual and maintenance manual in Thai language.

### 14. Other Conditions:

14.1 Quality and defect warranty for normal use for a period of not less than 5 years or 100,000 kilometers, as specified in the warranty manual.

14.2 Audio system with touchscreen support for FM/AM/MP3 with a 10-inch display.

14.3 Bluetooth connectivity.

14.4 Support for Apple CarPlay and Android Auto.

### **Tender Process:**

Wongpanit Krabi Co., Ltd is inviting and looking for interested and qualified suppliers to participate in the open call procedure. Suppliers must submit relevant documents showcasing their experience, technical capabilities, and financial stability. An evaluation committee will assess the documents based on these criteria. The successful supplier will be selected, and a contract will be awarded.

### **Submission Guidelines:**

Interested suppliers should submit a comprehensive proposal addressing each of the above-mentioned criteria. Submissions are to be sent to Mr. Seksan Udomsri at [seksanu@gmail.com](mailto:seksanu@gmail.com), +66 89 998 7899. Proposals will be evaluated by a committee based on the outlined criteria.

**Evaluation:** The Wongpanit Krabi committee party will bid based on predetermined criteria such as cost, technical specifications, and compliance with tender requirements to align with TOP's procurement process.

### **Wongpanit Krabi's committee**

Here is the committee for the procurement of Picking-up trucks

1. Dr. Seksan Udomsri (Managing Director, Bachelor's degree, Master's degree, and Ph.D. in Mechanical Engineering, KTH professor and advisor).

2. Mr. Setta Udomsri (Managing Director, Bachelor's Degree in Mechanical Engineering and Master's Degree in Administration and Industrial Management).

Wongpanit Krabi Co., Ltd  
313 Moo3, Nuea Klong  
Nuea Klong  
Krabi 81130, Thailand

3. Mr. Siripong Chaiyapong (Engineering Manager, Bachelor's Degree in Mechanical Engineering).
4. Mr. Chareonchai Sae-chin (Project Engineer, Bachelor's Degree in Engineering specializing in Material Engineering).

**Award:** The successful bidder will be notified by email, and the contract will be awarded following negotiations and finalization of terms.

**Contract Signing:** The awarded supplier and Wongpanit Krabi will sign a contract detailing the terms, conditions, and delivery schedule.

**Note:** Wongpanit Krabi reserves the right to reject any or all bids and is not bound to accept the lowest-priced bid. This tender is conducted in a fair and transparent manner.

**We encourage all eligible suppliers to participate in this open tender process, contributing to Wongpanit Krabi's efforts in waste collection and management.**

Thank you for your interest in contributing to our commitment to environmental sustainability.

Sincerely,

Mr. Seksan Udomsri  
Project Leader
